#### **Teacher Comments**

1 <sup>st:</sup> Asher is doing a great job in all academic areas! In reading, he did a great job answering questions. In his books, there is less picture support and lots more details to remember. Practice having him retell longer books by going over small sections at a time. Asher is working on an enrichment spelling list. He typically does a good job with talking, but there have been some times when he has needed reminders when students are working independently for less talking or random noises. He likes to work hard and do a good job and his efforts to do better have paid off.
